**Report: A collaborative initiative by Mahattattva and Samsung to empower educators in embracing leadership and teaching in the AI era.**

**Day and Date:** Friday, 20 December 2024

Friday, 10 January 2025

Friday, 17 January 2025

**Attendee:** Pooja Dhingra , Neelima Goyal, Sujata Verma, Neeta Bansal, Shalini Raheja, Trapti Gupta, Bhavna Bisht, Shalu Arora, Shubra Verma, Sanjeev Rai, Neha Kohli, Nikhil Soam, Amit Sharma, Romita, Zeba Danish, Sonam, Monia, Shalu Katpalia, Jitendra, Poonam Sharma Lib, Uzma, Ranjana, Dimple.

**Resource Person:** Ms. Deepti Sawhney, CEO and Founder of Mahattattva

Samsung Galaxy empowered, a transformative program, for teachers who want to unlock new possibilities in education by upgrading their skill set. It aims to dive into technology, engage in peer-to-peer networking, and experience the change Galaxy AI can bring to learning, in ways never imagined.

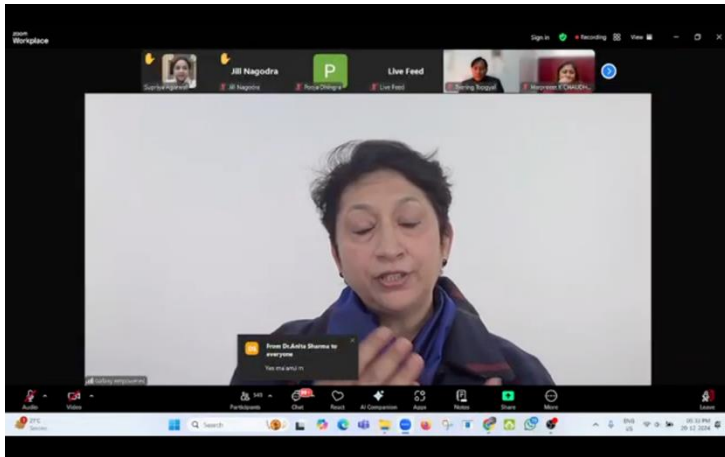

The screenshot shows a presentation slide with a dark blue header and footer. The main content is white with blue and grey accents. In the top right corner, there is a small video feed of a woman, Deepti Sawhney, with a 'Sign In' button above it. The slide title is 'The need for design thinking in an AI-driven education'. Below the title is a section '1. Human-centered innovation' with two columns of text. The left column is titled 'Focus on empathy' and the right is 'Personalization at scale'. The footer contains three logos: 'Galaxy empowered Teachers of Tomorrow', 'Design-thinking for envisioning AI landscape in education', and 'Trainer Deepti Sawhney CEO & Founder, Mahattattva'.

Through a series of interactive webinars, it introduced a variety of tools and formats, to make upskilling an ongoing and enjoyable experience for teachers. By offering a mix of live sessions, self-paced modules and peer-to-peer collaboration, teachers gain access to fresh perspectives and a supportive network.

Key highlights included:

1. **21st-Century Skills:** Strategies to incorporate critical thinking, creativity, collaboration, and digital literacy in classrooms for future-ready learners.

2. **Design-Thinking and AI:** Teachers explored using design-thinking to envision AI's role in creating inclusive and effective learning solutions.
3. **Digital Leadership:** Emphasis on fostering innovation and guiding schools through digital transformation.
4. **AI in Education:** Introduction to AI-powered tools for personalized teaching, efficient assessments, and data-driven strategies.
5. **Classroom Management:** Innovative approaches to create organized, tech-enabled classrooms.

The sessions empowered educators to align pedagogy with technology, enhancing teaching and learning for 21st-century education. Overall, the session, guided by the expertise of Ms. Deepti Sawhney, was a great learning experience. It provided valuable insights into leveraging technology and innovation in education while promoting a robust support network among educators nationwide.
