A webinar on "Herbal Heritage and Skill Development" was organised and facilitated by Mrs. Sunita Madan, Principal of Salwan Public School, Trans Delhi Signature City. The workshop aimed to enhance teachers' understanding of herbal traditions and integrate them into skill development courses for middle school students.

The session covered an overview of India's rich herbal heritage and its relevance in education, followed by creative strategies for classroom projects such as herbal gardens and medicinal plant exploration. The webinar included interactive engagement through collaborative discussions on integrating herbal concepts into science and environmental studies. Additionally, practical demonstrations on the live preparation of simple herbal remedies were shared for classroom application. Emphasis was placed on fostering sustainability, problem-solving, and health awareness through herbal education.

The session concluded with an interactive Q&A round, where Mrs. Madan addressed participants' queries and shared additional resources for further learning. Attendees praised the webinar for its relevance and practical applications in the classroom.

The workshop proved to be an enriching experience for the teachers, equipping them with valuable tools to inspire their students and integrate heritage education into skill development courses effectively.
